

Proposed Project:

It is proposed to extend the southbound truck-climbing lane on Interstate 15 (I-15) in the southbound direction from 0.5 mi north of Afton Canyon Road (PM R112.0) to 0.2 mi north of Bird Ditch Wash Bridge (PM R116.0) in San Bernardino County. It is located 34.18 miles northeast of the City of Barstow and approximately 19.88 miles southwest of the community of Baker. There are no residential or commercial developments in the area of this project.

The above location has been identified by Traffic Operations as an area where the safety and operational efficiency of the facility can be improved by the addition of a truck-climbing lane to separate slow moving vehicles from the remainder of traffic. The problem is caused by a sustained uphill profile grade averaging 2.51 percent with a maximum grade of 3.51 percent.
